

Website Proposal — AspenOak Bakery

Prepared by: Lucas Steltenpohl **Date:** April 20, 2026 **For:** AspenOak — 633 N 8th Street, Sheboygan, WI

Hey! Really glad the site resonated with you. Here's a quick breakdown of what I've put together and what it would look like going forward.

What's Already Built

I've built out a full multi-page website for AspenOak including:

- **Homepage** — hero section, hours, marquee, photo collage, reviews, and weekend order CTA
- **Menu page** — all current offerings organized by section (bagels, sweets, coffee, refreshers, pantry, seasonal specials)
- **Order Online page** — weekend bagel sandwich ordering with Square checkout integration
- **About page** — brand story and values
- **Contact page** — contact form, hours, address, and social links
- **Instagram feed** — live @AspenOakHome posts embedded directly on the site

The site is mobile-friendly, fast-loading, and reflects AspenOak's brand look and feel.

One-Time Setup Fee — \$750

This covers everything built so far plus getting the site fully live:

- All pages and design work completed to date
 - Square online ordering integrated into the Order page
 - Instagram feed connected and embedded
 - Connecting the site to Netlify for automatic deploys
 - Custom domain (aspenoakhomes.com) purchased and configured — owned in your name
 - DNS pointed and site live at your domain
-

Square Payroll Setup — \$175

One-time fee to get your payroll up and running in Square:

- Configure Square Payroll for your 3 employees
 - Set up pay schedules, tax withholding, and direct deposit
 - Hands-on walkthrough so you know exactly how to run payroll each cycle
 - Available for follow-up questions after setup
-

Monthly Maintenance — \$100/month

Ongoing support for keeping the site current:

- Menu updates — new items, price changes, seasonal additions
- New product photos added to the site
- Review updates
- Holiday/seasonal content swaps (Easter menu, holiday specials, etc.)
- Any small cosmetic tweaks

You send me the content (photos, text, changes) and I handle the rest, usually within 24 hours.

Domain & Hosting Costs

- **Hosting (Netlify):** Free — no monthly charge
- **Domain (aspenoakhome.com):** ~\$15/year, registered in your name

Summary

Service	Cost
Website (one-time)	\$750
Square Payroll Setup (one-time)	\$175
Monthly Maintenance	\$100/month
Hosting	Free
Domain renewal	~\$15/year

Let me know if you have any questions — happy to chat through anything.
